

Excel-Air Services, Inc.

Position Title: Aviation Maintenance Technician with A&P Certification
Employment Type: Full-Time, hourly
Location: Jasper County Airport (KRZL), Rensselaer, Indiana
Hours: Monday – Friday, 7am – 4pm (cst)

Job Description

Excel-Air Services, Inc. is seeking a full-time aviation maintenance technician with an A&P mechanic certificate. The successful candidate must have a high school diploma or equivalent. This technician will perform annual inspections & repair work of small aircraft such as Grumman, Cessna, Piper, and light twin engine aircraft. Excel-Air Services is known for its expertise in Grummans. The candidate must be able to trouble-shoot, diagnose electrical/hydraulic issues, have a strong orientation for detail & accuracy, have excellent communication skills (written & verbal), able to work alongside customers, and able to work effectively under pressure & deadlines.

Other duties

- Major and minor repairs of sheet metal/structural repair work.
- Light weight involvement with avionics installs and modifications.
- Major and minor repairs to reciprocating aircraft engines.
- Performance of installations of supplemental type certificate kits/modifications.
- Perform other duties as assigned by management.

Education/Experience Requirements

- A&P Mechanic License
- High School Diploma or equivalent

Work Environment

Known for its expertise in general aviation maintenance, Excel-Air Services is a friendly Midwest shop that has been in business for nearly 40 years. Excel-Air establishes strong relationships with its customers (new & returning) on owner-assisted annual inspections and repair work.
